**Subject:** [Non-DoD Source] PA027 WO# 11530 CSS 91106 Region 4A Zone 1 - Glycol Leak

Just a quick follow up regarding the glycol leak at PA027 (WO#11530, CSS 91106), Tom from Renick Brothers call and informed that the 1 1/4" pipe has a small crack. There are a few other small leaks and also a valve to replace. We requested Rennick to submit a quote for repairs by COB today. The system will have to be drained and repairs made.
