Rockville MD 20851

Description

WO#: 17789

CSS Ticket Number: 837

Problem: Repair breaker to Kitchen Refrigerators, Keeps tripping off Asset 1554Ref#01 FYI - Patrick said the refrigerator keeps tripping breaker , possible bad compressor.

POC- Chief Charles Gilmer C 717-350-5318

S&S will remove & replace the compressor in kitchen refrigerator asset 1554Ref#01 and fill system with refrigerant. Then, complete a system check to ensure everything is working properly.

After replacing the compressor in kitchen refrigerator asset 1554Ref#01 and filling system with refrigerant, S&S furthermore found the relay had burned up & recommends replacement.

09/12/2022 Work Note

Installed new module, this original part that was quoted is now obsolete and broken down into 4 different parts. S&S ordered the module that was in stock, but the unit still needs the relay (no lead time as of right now).
