**MISCELLANEOUS KITCHEN EQUIPMENT**

ACTIVITY AND BLDG #: **Saugerties 128**

MECHANIC  
SIGNATURE: 

DATE: **1/13/2021**

LOCATION/RM #: **kitchen** WO# 

ASSET # 

START TIME: **1030**

FINISH TIME: **1330**

| CHECK POINT                                | CHECKPOINT DESCRIPTION                                                                                                                                                        | TASK COMPLETE                                                                       |    | NOTES/ ACTIONS<br>(IF TASK COMPLETE IS CHECKED NO, PROVIDE EXPLANATION) |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|----|-------------------------------------------------------------------------|
|                                            |                                                                                                                                                                               | YES                                                                                 | NO |                                                                         |
| SPECIAL INSTRUCTIONS                       |                                                                                                                                                                               |                                                                                     |    |                                                                         |
| 1                                          | Notify cafeteria operator and get permission prior to performing all maintenance.                                                                                             |    |    |                                                                         |
| 2                                          | In addition to the procedure(s) outlined in this standard, the equipment manufacturer's recommended maintenance procedure(s) and/or instruction(s) shall be strictly adhered. |    |    |                                                                         |
| 3                                          | De-energize, lock out, and tag electrical circuits and fuel service.                                                                                                          |    |    |                                                                         |
| TO BE PERFORMED AT EACH INSPECTION SERVICE |                                                                                                                                                                               |                                                                                     |    |                                                                         |
| 1                                          | Check with operator or manager for any deficiencies, verify cleaning program.                                                                                                 |    |    |                                                                         |
| 2                                          | Check all controls, mechanisms for proper operation; adjust as required.                                                                                                      |    |    |                                                                         |
| 3                                          | If applicable, examine utility supply line, piping, valve packing, specialties, and insulation; look for any leaks.                                                           |   |    |                                                                         |
| 4                                          | If applicable, check electric power line condition, switch, disconnect, etc.; or check condition of gas supply, valves, regulators, and inspect pilot, check for Gas leaks.   |  |    |                                                                         |
| 5                                          | Ensure unit is clean and in working order. Note any deficiencies.                                                                                                             |  |    |                                                                         |

Note: The technician shall perform any repairs identified during PM up to \$250 (direct labor and direct material cost) per PM occurrence. For any deficiencies found exceeding \$250 open a corrective maintenance (CM) ticket and include the Asset #, WO #, photos, and a detailed discription of the deficiency.

To be performed by: General Maintenance Worker
