BRIDGE NOTES:

No issues to address.

INSPECTION DATE: 02/11/2019

INSPECTOR: Sofokles Tsouros

Note: Capitalized items are safety issues that must be fixed in order for hoist/crane to be considered safe to return to use. All cranes/hoists that are inspected receive an inspection sticker. The presence of a sticker does not indicate that necessary repairs have been made. Ensuring necessary safety issue repairs are made is solely the customer's responsibility. Italicized items indicate safety issues that are resolved.
