Diagnose Entry Gate Access Control

Dear Mrs. Fernandez:

As per your request, LoCurrent Systems is pleased to provide a quotation to diagnose the Access Control issues being experienced with the Entry Gate at the New Windsor, NY USARC NY116 as per description of issues: "Repair gate entry system. Keypad not working on CAC readers. At this tie lower security setting, proximity, is the only thing working at site to gain entry. This location requires a higher level (insert card and enter pin) per their HQ."

The cost to diagnose the above mentioned is \$450.00.

Thank you for thinking of LoCurrent Systems.

Sincerely,
