

Repair issue with AHU5 operation. BAS states it is locked out due to a duct detector fault. This type of fault should shut down the unit completely yet the blower operates continually and just moves around hot air within the area it services. Space temps over the last few days have reached into the mid to upper 90s. Assess wiring to determine incorrect connections causing the unit to operate despite the lockout on the duct detector side. Ensure unit functions in conjunction with BAS and peripherals.

Honeywell will perform a preliminary visit to confirm Trane report & address any issues feasible at the time of service up to 4 hours and travel. This is a NTE not to exceed price.

In the event of any such delay, date of shipment or performance shall be extended by a period equal to the time lost by reason of such delay, and Honeywell shall be entitled to recover from Customer its reasonable costs, overhead, and profit arising from such delay.

10. PATENT INDEMNITY

10.1 Honeywell shall, at its expense, defend or, at its option, settle any suit that may be instituted against Customer for alleged infringement of any United States patents related to the hardware or software manufactured and provided by Honeywell under this Agreement ("the equipment"), provided that a) such alleged infringement consists only in the use of such equipment by itself and not as part of, or in combination with, any other devices, parts or software not provided by Honeywell hereunder, b) Customer gives Honeywell immediate notice in writing of any such suit and permits Honeywell, through counsel of its choice, to answer the charge of infringement and defend such suit, and c) Customer gives Honeywell all needed information, assistance and authority, at Honeywell's expense, to enable Honeywell to defend such suit.

With the exception of any controversy or claim arising out of or related to the installation, monitoring, and/or maintenance of fire and/or security systems, the Parties agree that any controversy or claim between Honeywell and Customer arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration in a neutral venue, conducted in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association. Any award rendered by the arbitrator shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. Any controversy or claim arising out of or related to the installation, monitoring, and/or maintenance of systems associated with security and/or the detection of, and/or reduction of risk of loss associated with fire shall be resolved in a court of competent jurisdiction.

13. ACCEPTANCE OF THE CONTRACT

This proposal and the pages attached shall become an Agreement upon signature above by Honeywell and Customer. The terms and conditions are expressly limited to the provisions hereof, including Honeywell's General Terms and Conditions attached hereto, notwithstanding receipt of, or acknowledgment by, Honeywell of any purchase order, specification, or other document issued by Customer. Any additional or different terms set forth or referenced in Customer's purchase order are hereby objected to by Honeywell and shall be deemed a material alteration of these terms and shall not be a part of any resulting order.

14. MISCELLANEOUS

14.1 This Agreement represents the entire Agreement between Customer and Honeywell for the Work described herein and supersedes all prior negotiations, representations or Agreements between the Parties related to the work described herein.

14.2 None of the provisions of this Agreement shall be modified, altered, changed or voided by any subsequent Purchase Order or other document unilaterally issued by Customer that relates to the subject matter of this Agreement. 14.3 This Agreement shall be governed by the law of the State where the work is to be performed.

14.4 Any provision or part of this Agreement held to be void or unenforceable under any laws or regulations shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Honeywell and Customer, who agree that this Agreement shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

14.5 Customer may not assign its rights or delegate its obligations under this Agreement, in whole or in part, without the prior written consent of Honeywell. Honeywell may assign its right to receive payment to a third party.

15. TERMS OF PAYMENT

Subject to Honeywell's approval of Customer's credit, payment terms are as follows:

Progress Payments - Honeywell will invoice at least monthly for all materials delivered to the job site or to an off-site storage facility and for all installation, labor, and services performed, both on and off the job site. Customer agrees to pay the full amounts invoiced, less retainage, upon receipt of the invoice at the address specified by the Customer. Invoices not paid within thirty (30) days of the invoice date are past due and accrue interest from the invoice date to the date of payment at the rate of one percent (1%) per month, compounded monthly, or the highest legal rate then allowed.

Retainage - Customer shall not withhold, as retainage, a greater percentage than is withheld from Customer under a prime contract, if applicable. Customer shall pay all retainage to Honeywell within 30 days after Honeywell's work is substantially complete.

Suspension of work - If Honeywell, having performed work per Agreement requirements, does not receive payment within thirty (30) days after submission of a Honeywell invoice, Honeywell may suspend work until Customer provides remedy.

16. WORK BY OTHERS

16.1 Unless otherwise indicated, the following items are to be furnished and installed by others: electric wiring and accessories, all in-line devices (including but not limited to flow tubes, hand valves, orifice plates, orifice flanges, etc.), pipe and pipe penetrations including flanges for mounting pressure and level transmitters, temperature sensors, vacuum breakers, gauge glasses, water columns, equipment foundations, riggings, steam tracings, and all other items and work of like nature. Automatic valve bodies and dampers furnished by Honeywell are to be installed by others.

16.2 Services Honeywell will provide under this Agreement specifically exclude professional services which constitute the practice of architecture or engineering unless specifically set forth in the Scope of Work. Customer or Owner will specify all performance and design criteria that Honeywell will follow in performing Work under this Agreement. If professional design services or certifications by a design professional related to systems, materials, or equipment is required, such services and certifications are the responsibility of others. To the fullest extent permitted by law, Customer shall indemnify and hold harmless Honeywell and its agents and employees from and against any and all claims, damages, losses and expenses, including but not limited to attorneys' fees, that in any way result from or arise under breach of the representations in this Section 16. This indemnification shall survive termination of this Agreement for whatever reason. Nothing in this Section 16 shall be construed to require that Customer indemnify and hold harmless Honeywell from claims and costs resulting from Honeywell's negligent actions or willful misconduct.

17. DELIVERY

Delivery of equipment not agreed on the face hereof to be installed by or with the assistance of Honeywell shall be F O B at Honeywell's factory, warehouse, or office selected by Honeywell. 18. DAMAGE OR LOSS

Honeywell shall not be liable for damage to or loss of equipment and software after delivery to destination determined by this Agreement or any applicable prime contract. If thereafter, and prior to payment in full to Honeywell by Customer, any such equipment or software is damaged or destroyed by any cause whatsoever, other than by the fault of Honeywell, the Customer agrees promptly to pay or reimburse Honeywell for such loss.

19. TERMINATION

19.1 By Customer. Customer may terminate this Agreement for cause if Honeywell defaults in the performance of any material term of this Agreement, or fails or neglects to carry forward the Work in accordance with this Agreement, after giving Honeywell written notice of its intent to terminate. If Honeywell has not, within seven (7) business days after receipt of such notice, acted to remedy and make good such deficiencies, Customer may terminate this Agreement and take possession of the site together with all materials thereon, and move to complete the Work itself expediently. Upon request of Honeywell, Customer will furnish to Honeywell a detailed accounting of the costs incurred by Customer in finishing the Work. If the unpaid balance of the contract price exceeds the expense of finishing the Work, the excess shall be paid to Honeywell, but if the expense exceeds the unpaid balance, Honeywell shall pay the difference to Customer.

19.2 By Honeywell. Honeywell may terminate this Agreement for cause (including, but not limited to, Customer's failure to make payments as agreed herein) after giving Customer written notice of its intent to terminate. If, within seven (7) days following receipt of such notice, Customer fails to make the payments then due, or otherwise fails to cure or perform its obligations, Honeywell may, by written notice to Customer, terminate this Agreement and recover from Customer payment for Work executed and for losses sustained for materials, tools, construction equipment and machinery, including but not limited to, reasonable overhead, profit and applicable damages.

20. CHANGES IN THE WORK

20.1 A Change Order is a written order signed by Customer and Honeywell authorizing a change in the Work or adjustment in the price or a change to the schedule.

20.2 Customer may request Honeywell to submit proposals for changes in the Work, subject to acceptance by Honeywell. If Customer chooses to proceed, such changes in the Work will be authorized by a Change Order. Unless otherwise specifically agreed to in writing by both parties, if Honeywell submits a proposal pursuant to such request but Customer chooses not to proceed, Customer shall issue a Change Order to reimburse Honeywell for any and all costs incurred in preparing the proposal.

20.3 Honeywell may make a written request to Customer to modify this Agreement based on the receipt of, or the discovery of, information that Honeywell believes will cause a change to the scope, price, schedule, level of performance, or other facet of the Agreement. Honeywell will submit its request to Customer within a reasonable time after receipt of, or the discovery of, information that Honeywell believes will cause a change to the scope, price, schedule, level of performance, or other facet of the Agreement. This request shall be submitted by Honeywell before proceeding to execute the Work, except in an emergency endangering life or property, in which case Honeywell shall have the authority to act, in its discretion, to prevent threatened damage, injury or loss. Honeywell's request will include information necessary to substantiate the effect of the change and any impacts to the Work, including any change in schedule or contract price. If Honeywell's request is acceptable to Customer, Customer will issue a Change Order consistent therewith. If Customer and Honeywell cannot agree on the amount of the adjustment in the Price, or the Schedule, it shall be determined pursuant to the Dispute Resolution provisions of this Agreement. Any change in the Price or the Schedule resulting from such claim shall be authorized by Change Order.

21. ACCEPTANCE OF THE WORK

Upon receipt of notice by Honeywell that the Work is ready for final inspection and acceptance, Customer will make such final inspection and issue acceptance within three (3) business days. Acceptance will be in a form provided by Honeywell, stating that to the best of Customer's knowledge, information and belief, and on the basis of Customer's on-site visits and inspections, the Work has been fully completed in accordance with the terms and conditions of this Agreement. If Customer finds the Work unacceptable due to non-compliance with a material element of this Agreement, which non-compliance is due solely to the fault of Honeywell, Customer will notify Honeywell in writing within the three (3) business days setting forth the specific reasons for non-acceptance. Customer agrees that failure to inspect and/or failure to issue proper notice of non-acceptance within three (3) business days shall constitute final acceptance of the Work under this Agreement. Customer further agrees that partial or beneficial use of the Work by Customer or Owner prior to final inspection and acceptance will constitute acceptance of the Work under this Agreement. To the fullest extent permitted by law, Customer shall indemnify and hold harmless Honeywell and its agents and employees from and against any and all claims, damages, losses and expenses, including but not limited to attorneys' fees, that in any way result from or arise under breach of the representations in this Section 21. This indemnification shall survive termination of this Agreement for whatever reason. Nothing in this Section 21 shall be construed to require that Customer indemnify and hold harmless Honeywell from claims and costs resulting from Honeywell's negligent actions or willful misconduct.
