Lindsay,

The only 2 in stock are different a controls platform. The two we had in CA have unfortunately been sold. I will reach out to the factory to see if there's anything we can do to improve on the current ship date.

Hey Stan,

We got word from Amanda that the boilers won't ship until August. Would you be able to confirm that the (2) in California MD are no longer?

Hey Amanda,

Would you be able to send me tracking when available? I want to make sure I schedule to have someone at the shop to accept the delivery.
