Item	Description	Qty	Rate	Total
Service	Charging and testing of the twenty batteries for the emergency back up lighting. This will consist of 3 independent visits. Ten batteries will be charged over night each day and each battery will be individually tested as it becomes fully charged to see if it will hold a load. At this time it is necessary to investigate if these batteries dated 2019 will hold a charge to get the proper voltage to 240 volts DC.	35	125.00	4,375.00
Equipment Rental	Equipment Rental for above project. One- Ten Bank charger for one week.		1,220.00	1,220.00
