YOU ARE NOT LOCKED IN

1. To unlock door, use key on hook to unlock lock (turn key counterclockwise).
2. Operate door handle to open door (located below).
3. To relock, with the door open, throw bolts to locked position. Relock the key lock and replace key on hook.
- *4. To close and lock door, dial combination lock open, throw bolts to unlocked position, close door and throw bolts to locked position and scramble combination lock.

* This procedure is a security safeguard requiring knowledge of combination to close and relock door after emergency release has been activated.
