Description of Repairs	Labor and Materials to swap cage door and solid door in Armory as requested by Facility Coordinator on site.							
Diagnosis: Initial Work Order	The vault spaces within the vault are completely closed off with solid doors. This creates an issue when the FC needs to perform the IDS system checks as the Finance Unit has no full time staff and they cannot access their vault space to test the motion sensors. Need to have the solid door that is currently in place replaced with a cage style door (similar to the door on the armorers room). I have included pictures of this door in the email.							
Diagnostic Fee	\$150							
Additional Labor Cost to Perform Repairs	\$1000 TW Labor 16 hours @ \$ 62.50
