| Site Start - 12/18/2019 9:00 AM Site Stop - 12/18/2019 11:45 AM Arrived to site and checked-in. Scott pointed out PTAC in RM#105, unit will not adjust temp occasionally. Unit operating properly now. Adjusted unit up/down several times. Touch screen has already been swapped out with another PTAC. Made sure all connections and wire harnesses where tight. Spoke with Scott about issue. He was under the impression that PTAC had new part installed. Scott said that he would monitor for a couple weeks. Tech: Michael Cimino, Date: 12/18/19 11:45 AM - This work order is complete. |
