WO 12856

We have additional work need at MD002...Please the attached COW from the work that John did but could not complete. Could you please let me know when you would be able to visit the site to quote for us.

SOW: Rick duplicated ticket -two of the pole lights are not working .John trouble shot and determined power feed wire was severed -Sending ticket to S&S Mechanical From WO 12583

S&S proposes to restore power to the (2) non working building #3 lot lights; the (2) lights have lost power underground somewhere with a current break by unknown source.

S&S will excavate ground by a small trench machine and install new PVC conduit from working lights over to non working lights at approx. 400lf.

Lights will be tested once power is restored.

All ground disruptions will be backfilled, seeded, and straw applied.

EZ-Straw Seeding Mulch With Tack is processed straw with a bonding agent that gives straw a tackiness which holds it together. Protects grass seed from heavy washout and windy areas. Speeds up germination. Water less often. Biodegrades - no mess to clean up. Just leave in place after the seed grows. Safe for pets and children. Protects from birds. Twice cut and processed for easy application. Conveniently bagged. Doesn't leave customer's vehicle with an impossible mess to clean. Easy to handle package works great for small or large areas. 2.5 cu. ft.

- Organic
- No-mess!
- 99% weed free!
- Conveniently bagged
