Service Call Number

CSS# 26152 WO# 12609

Description of Repairs

Cut existing PVC drain out and installed an EZ Trap with overflow safety. Insulated drain line, trap, and condensate pump. Cleared water from emergency drain pan and sealed drain pan outlet seal with silicone. Rewired condensate pump safety and drain pan safety to shut system off in event of condensate overflow situation. System is operating normally at this time. Air handler may continue to sweat until insulation inside air handler is dried completely,
