

Region: 5

Location: MD002

CSS #: 30968

Maximo Work Order No.: 14385

Asset #: NA

Date Issued: 07/20/2021

Original Description: AC is down in building 1

Repairs Needed:

S&S proposes to remove the existing split system and install a new heat pump system. New indoor air handler will reside within a newly constructed closet at approx. 6' x 7'. S&S will build a closet in the existing corner of the lobby area using standard metal stud construction with drywall outside finish only. A new 3' O" door will be installed to match existing doors along with paint to match existing decor. Duct work will connect overhead to the existing spiral duct and run down the wall into the new closet area where it will connect to the new air handler. We will make a return grill through the newly constructed wall by adding an air return grill. We will have a sprinkler head added to the new space. Thermostat will be installed on the wall in the lobby, location TBA.

RS Means Line Buildup and Labor Summary (Data Version 2017, Q4):

Quantity	Line Item Number	Description	Labor Hours	Labor Rate/Hr	Materials	Equipment	Total

Proposal: 21-0708-53

TO: S&S Mechanical

Phone: 301-574-1555

ATTN: Lindsay Ruby

PROJECT: Curtis Bay US Army Reserve Center
700 E Ordnance Rd
Baltimore MD

We are pleased to submit this proposal for the automatic fire protection portion of the above referenced project.

Included in our proposal are the following:

- **Pricing is based on the areas of work currently being protected and the existing mains and branch lines remaining at their existing locations/elevations.**
- Relocate existing pendent sprinklers and add new as required in order to provide sprinkler coverage in the renovated area.
- Davis Bacon Wages.
- Permitting, Design and Submittal drawings.
- Hydrostatic Testing and inspection upon completion of work.
- Work to be performed during normal hours in one phase.
- Work shall comply with bid documents and drawings, NFPA #13 and the Baltimore City Fire Marshal's Office

The following are excluded from this proposal:

- If a lift is needed for deck heights above 15' it is to be provided by the GC.
- Grounding and Bonding.
- Pre actions new and or existing.
- New valves and devices.
- Hood and Ansul systems.
- Structural engineering Certificate fees.
- Temporary protection and or fire watches.
- Third party inspection fees.
- Work involving copper and cpvc pipe.
- Painting, cutting and patching.
- The relocation of, or removal of, or raising of existing mains and branch lines.
- Electrical wiring or alarm systems and wiring.
- Off hours testing and inspections.
- Building Engineer or shutdown fees.
- Ceiling removal or restoration.
- Existing violations.

Quote: Four Thousand Three Hundred Ninety Dollars (\$4,390.00)

NOTES: We have assumed the existing sprinkler system is capable of providing an adequate water supply to accommodate the new work in the renovated area.

If you have any questions please do not hesitate to contact me.
Sincerely,

Jason Wyvill
Estimator
