Description

WO#: 15674

CSS Ticket Number: 33851

Problem: The Boiler alarmed and the odor from the CO2 incident is back at the front door and room 110 / The boilers were turned on earlier today and Ben noticed that smell again that they had before when people started getting sick on 05 No2021 (when we had to call the fire department). Ben shut the boilers off to be safe.
