TECH NAME Tom Timlin

DATE 10/3/23

POINT OF CONTACT: Reginald

DESCRIPTION OF WORK PERFORMED Found the Emergency stops work, but the boilers have to be ran all the time from the switched RIB relays. I set the RIB relays back to auto and the emergency switches work fine. I know this site will be getting new boilers within the next year so I recommend wiring the emergency stop in on the main power to the boilers and not through the controls.
