Scott/Angela/Christina,

The update on this WO 11276 at VA048 is as follows:

The Utility company is supposed to be on site either today or Monday to mark the lines per Moore's

Moore's is scheduled to be on site 10/30 to do their work.

I will update all is anything changes.

Christina, If you could let me know when the utility company shows up, their should be markings on the ground or flags in the area, I would appreciate it.

Please let me know if you have any questions!

Thank you and make it great day!

Tina M. Lee
