Description

WO#: 15355

CSS Ticket Number: 33002

Problem: The armature gate leading into the OMS and MEP area has broken. From looking at the pictures provided by SFC Williams, it looks like the damage may be due to rot and weathering. I would recommend to replace the arm with an arm made of something to withstand the elements better.

POC is SFC David Williams at 817-846-4096
