Problem: Repair Toilet leaking in upstairs ladies' room and stopped up sink in downstairs ladies room.
POC M'am Deborah Rivera 910-598-8809.

Josh Stephenson 04/27/2022 Work Note

-Down stairs women's room sink clogged. Used air gun to clear drain line, the overflow had a lot of built up debris and took several times blowing it out to clear the fixture itself, the drain cleared after the first. Ran water for several minutes while cleaning up to be sure drain is now working properly.

-Upstairs women's room left stall toilet leaking and not flushing right. Rebuilt the Sloan valve with new diaphragm and vac breaker, and put it back together with thread seal to fix the leaking. Then flushed several times to make sure the Sloan valve now works properly with no leaks. Work complete.
