### WO 12465

### CSS 25791

**Problem:** "There are two thermostats that are not getting power, this is causing the each A/C unit to not work. The first is Zone 1st on the first floor closest to the main entry and the 2nd is at the end of the classroom wing, closest to the rear doors."

S&S was onsite and was able to repair the unit in room 109 by cleaning all piping, and trimmed a piece of pipe to allow water to drain.

S&S diagnosed the unit in room 125 needs a new condensate discharge hose.

S&S will remove and replace the discharge hose and then complete a system check to ensure everything is working properly.
