MD003 – OMS shop boiler repairs	CSS #22942 WO# 11441																
Description of Repairs	This boiler would not lite off for operational testing because of the check valve in the make up water. This is for the OMS Shop Boiler for repair to pass inspection.																
Original SC Investigative Diagnosis	\$450.00																
Diagnosis: Initial Work Order	S&S was onsite and diagnosed that the Honeywell pressure switch and gas pressure safe switch were faulty and would need replacement. S&S will remove and replace the pressure switch and safe switch on the boiler. S&S will then complete a system check to ensure everything is running as intended.
