

### Over and Above Estimate

**Region:** 5

**Location:** MD013

**CSS #:** 19654

Asset # 1177

**Maximo Work Order No.:** 9571

**Date Issued:** 6/12/19

**Original Description:** Vault door repairs

**Repair Needed:** Vault door repair:

-Remove pin rubbing against door. Take out with blocking device that holds the pin back when releasing and locking. Inner pin will be replaced and structure inside completely. (Will match all GSA requirements.) (Cost: 1,550.00)  
 -Replace SG2937 lock on vault door. (Lock meets all military and government standards, as of the 99th region switching over to the S&G 2937) (Cost: \$915)

#### Non-Pre-Priced Estimate:
