S&S proposes to back fill previously repaired water main, will use pea gravel and fill dirt. Prior to back filling, S&S will open up main valve located outside building, gain building entry to locate an area of main where we can release sediment that made entry into system when broke. We must release sediment and go through building and ensure all fixtures throughout are free from obstruction.

**Materials: \$159.55**

Pea Gravel QTY 8 /54255/ \$44.93

Back fill dirt QTY 30 /71140180/ \$59.40
