| <b>MD066 -Replace battery in DDC</b>        | <b>CSS #28707 WO# 13622</b>   |                   |              |  |             |                 |                   |              |   |   |          |          |
|---|---|-------------------|--------------|--|-------------|-----------------|-------------------|--------------|---|---|----------|----------|
| Description of Repairs                      | S&S will install a new battery backup and cradle point in DDC. Will then complete a system check to ensure everything is working properly.  |                   |              |  |             |                 |                   |              |   |   |          |          |
| Original SC Investigative Diagnosis         | <b>\$NA</b>   |                   |              |  |             |                 |                   |              |   |   |          |          |
| Diagnosis: Initial Work Order               | Replace Battery in DDC, system keeps shutting down because of bad battery.  |                   |              |  |             |                 |                   |              |   |   |          |          |
| Explanation of Additional Costs for Repairs | N/A   |                   |              |  |             |                 |                   |              |   |   |          |          |
