Subject: Re: KO Approval MD021 CSS 28130 - WO 13432 - CAC Reader Front gate

Rick & Brenda:

Nicholas arrived on site in Rockville, MD to find that the reason the CAC Reader at the Front Gate was not functional is because somebody ran into both the CAC Reader and AiPhone Intercom Pedestals, completely destroying the Reader.

In the future, it would be beneficial to have additional information such as this before we arrive at the call. A slightly more detailed description of the issues prior to arriving on site could save an immense amount of time, money and efforts. i.e. Someone tried to baja over the curb and took out Front Gate Pedestals ..lol

Due to the fact that the existing Reader was so extensively damaged, we cannot issue a Core Rebate of \$200.00; bringing the price of the new Reader to \$1,450.00. Reader was replaced with new on site.

We will need to provide a follow up quotation to replace both Pedestals with new as well as replace the Weathershield for the Reader. AiPhone Unit can be reused.

I will be sending over an Invoice for \$2,100.00 for the replacement of the Reader, before/after pictures, COW as well as a Follow Up Quotation.

Thank you.

Sincerely,

--

You have received KO approval to proceed. Please schedule and inform your techs that it is mandatory to wear face coverings and follow social distancing CDC guidelines. (see email attachment).

Your POC will be Stephen Rhodes 703-851-0285

Here's CSS# 28130, service call work order #13432 for your action and a reminder to contact Rick Hicks if the service call exceeds \$450 so he can contact the COR for approval to repair. Don't forget to have your tech complete the service call certification of work form (COW) and to provide before and after pictures. Pics must be provided with the COW form.

*** NOTE: This is only approval for your tech to work on this scope of work. If site personnel requests other work to be completed outside of stated work - please ask them to put a service call request in with the AFOS or RFOS and then we can get their concerns addressed. Thanks, Rick Hicks, CMI Management

*** NOTE: Reminder to upload and send all equipment warranty documents, its model and serial number to us for the Master tracker. This is a requirement now in order to close the work order in Maximo.

Kindly reply so I will know you are in receipt of this email.

Good Morning Rick / Brenda -

See KO approval below. Please coordinate access with Ken due to COVID HPCON status.

COVID-19 Note - please ensure that anyone visiting the site is adhering to the DoD policy regarding face masks along with following CDC recommendations and any local guidance that has been provided.

Thanks!

Tom
