The scope of this offer includes the following Service Products:

PLANNED REPAIRS

Description

Planned Repairs has been designed to deliver repairs where the scope is agreed in advance. Optimally the repair is coordinated and scheduled around your production schedule. This service provides the opportunity to repair worn components before they require on-call repairs.

Benefits

- Service from trained and qualified technicians
- Can be coordinated around your production schedule

Deliverables

- Safety Notification delivered before equipment is returned to operation, when applicable
- Service report

* Scope for Service Products is determined in more detail in the description(s) attached hereto.

Commercial Terms

Konecranes shall deliver the Service on the delivery terms set forth in Konecranes General Terms and Conditions for Services.
