Commercial Planned Maintenance	TYSONBELL	INFRARED TUBE HEATERS TRUCK SHOP - PM	Trane	TOO HIGH	

#### Tech Notes

Tech: BRANDON HAROLD: Site Start - 9/16/2019 7:30 AM

Checked in with Huson, and set up in the truck shop. Talked with Mike Merchan, informed him that the tube heaters are over 20 feet from the ground, and requested instructions on how to proceed. The only safe way to access the heaters would be with a scissor lift. Mike said as long as the heaters turned on properly not to worry about renting a lift. Powered the infrared heaters on, and checked temperatures from the ground with a temperature gun. All 3 heaters fired up properly. PM complete.
