Risk Code	Description	Fault	Recommendation	Comments	USD
	Safety Risk 1-93851761817	Pushbutton pendant	Damaged enclosure	Repair	
				Pendant is damaged in a few spots. Strain relief is ripped off. Buttons are hard to press. Need to replace ASAP so wires don't get ripped out of pendant. Tested all limits and functions all working at this time.	1,525.85
				It appears that more damage has happened to this pendant station since the inspections & follow up E-Etop repair.	
				Existing pendant model is obsolete (only available part is buttons & switches).	
				Pricing is to replace complete pendant station with a newer style - This proposed pendant station is very common and we use this type all of the time.	

Currency	USD
Single girder EOT - 1 trolley wire rope hoist, Maintenance Bay #6	1,525.85
