Hello Karlee,

As per your request for a quote to perform a PM on the boiler in the OMS building and replace the flame rod and ignitor (CSS95726) we propose to replace the flame rod and ignitor on the boiler and perform an operations check.

Your price to replace the flame rod and ignitor on the boiler in the OMS building and perform an operations check will be **\$2,051.00**, plus any applicable tax. 8 hrs. @128/hr = \$1,024, \$927 materials, \$100 truck.

Note)

- 1) The boiler will be down to make these repairs.
- 2) Any additional repairs needed will be quoted by P&J.

If system isolation (valves, circuit breakers etc.) prevent us from doing the above-mentioned work or upon restarting of the system there are any other repairs necessary they will not be included in the above quote. This will be done on a “time and material” basis with your approval.

All work is to be done during normal business hours on Monday through Friday between the hours of 7:00 AM and 4:30 PM.

If you have any questions, you can contact me at (585) 315-4661. If you would like to proceed with the work, please fill in the form and email it back to rochservquotes@postler.com or you may print this out and fax it to (585) 423-6241.

P&J will not be held responsible for the delays of equipment, materials, restocking fees and scheduling that are caused by the current market. Permits/fees not included if applicable. Due to the rising costs of materials this quote is good for **15 days**.

We appreciate your business, and we look forward to hearing from you in the near future.

Sincerely:

Tom Strong
Service Manager
