**Problem:** NO HOT WATER IN TRAINING BUILDING, This is an ongoing issue with this water heater, please make repairs to correct this issue.

S&S was onsite and found the building had no hot water because heater #1 was not able to be controlled due to the screen and control buttons being locked up. Changed the heater over since heater #2 is not being used allowing hot water to building. S&S proposes to replace the display overlay in heater # 2 and check the operation to ensure everything is working properly.
