**Problem:** Location is in the storage/cage area of bldg. 1. Back near the offices. Unit is running but louvers are not open.  
BLDG EMS has fan in alarm.

S&S was onsite and found that the fan was shoved through the entire wall and not mounted on the back of the wall.  
S&S proposes to return and install a Honeywell damper actuator.  
S&S will then complete a system check to ensure the system is running correctly.
