Opening Comment

Performed bi-annual scheduled service visit.

Service was performed by Abe Patz.

Hot Water Loop

Offline 

Corrosion inhibitor residual is low, previous treatment added to system has been lost. Will add more treatment to the system when it begins to circulate again. Hot Loop is Offline

Bond Water Technologies, Inc. recommends that you perform regular and/or daily analysis to control chemical levels and cycles of concentration within established limits. Test results reflect conditions during the point in time when the analysis was performed. Additional testing may be performed upon request. As operating conditions vary, test results will change over time. Notwithstanding anything to the contrary contained in the Agreement or otherwise, (i) Bond Water Technologies and its Insurers are not liable for losses caused by the Customer's wrongful acts or omissions, (ii) Bond's program does not cover and it makes no guarantees with respect to waterborne pathogens including Legionella or against health risks therefrom, and (iii) in no event shall either party be liable for any consequential or indirect damages.
