| 2. _____ | 5. _____ |
| 3. _____ | 6. _____ |

Service Call Number

CSS# 93724 WO# 22719

Description of Repairs

We found multiple issues, one being the BMS for the building. This site does not have JCI controls, and we were unable to gain access.

The other issues found were a faulty flow switch and circuit 1 was low on refrigerant meaning there is a leak. We recommend opening a new ticket for replacing the flow switch to at least keep the chiller operating. It also includes the removal of refrigerant to properly leak check circuit

CERTIFICATION OF WORK

To be signed by the Contractor:

Print Name: Karlee Demain Date: 6/13/23

Signed: _____
