Service Requested

6/3/2022 JRD: QUOTE ON A QUOTE SUBMITTED. PARTS NEEDED.

6/14 JF| THE QUOTED COMPRESSOR WORK IS SUPPOSE TO BE UNDER THIS PO#17814 PER TIDEWATER

6/22 JF| QUOTE IS APPROVED FOR \$4644.48|1 MAN| 8 HRS

"Recover refrigerant. Remove and install new compressor. Pressure test system to ensure that there are no leaks. Pull vacuum to proper levels. Recharge with refrigerant. Start, test, and ensure proper operation of system. Dispose of the old compressor.

Customer is responsible for any and all restocking charges that apply should the quote be cancelled after Moore's has received approval.

We have made every effort to determine the extent of the repairs needed; however, we will not be able to determine if there is acid in the system until we remove the old compressor. If it is determined that there is acid in the system, we will have to propose the acid clean up on a separate proposal. Also with the compressor being down, once the compressor is brought online, there may be other repairs needed. Those additional repairs will be submitted for your approval separately.

Note: Compressor has a 7 to 10 day leadtime."

Tech Notes

Tech: TYSON BELL: Site Start - 7/12/2022 7:30 AM

Drove to site checked in and started working on the compressor after disassembling the compressor I was able to find that we were sent the wrong compressor I will be ordering the right one today.

Tech: TYSON BELL: Site Stop - 7/12/2022 11:00 AM

Tech: TYSON BELL: Site Start - 8/16/2022 7:30 AM

Drove to shop to pick up new compressor then headed to site checked in and began compressor replacement I reclaimed all refrigerant and disconnected all wire connections. I put everything back together and started a vacuum on the system. Due to the amount of oil In the system I will be returning tomorrow to finish things up.

Tech: TYSON BELL: Site Stop - 8/16/2022 4:00 PM

Tech: TYSON BELL: Site Start - 8/17/2022 7:30 AM

Drove to site checked in with Don and finished up job. I checked pressures and checked supply and return temp room is dropping to set point. No other problems were found job complete.

Tech: TYSON BELL: Site Stop - 8/17/2022 10:30 AM
