

Building 208 First floor west side 15 Ton AC unit will not run.  
This unit supports the 3 Classrooms on the first floor. Multiple units are on BA this weekend and are using those classrooms.

Emergency service call,  
Responded Thurs 7/20 had to turn around the rain was unbearable. Received call from Vinny came Friday, Installed gauge set found system short of refrigerant, Added 26.5 lbs of R-410A brought system to proper operating temperatures and pressures. Checked classroom temperatures ok came down 5 degrees
