Subject:	FW: VA701 (UNCLASSIFIED) VA701 Issue needs to be resolved

Hi Scott ,
Adam spoke with Will . In our original scope we quoted -We only did 9 of the light poles all were in the back area behind the building. Will stated that there are about 22 light poles all together and the one in the picture is from the front of the building that we did not do. If they would like all the rest of the poles done then please have them open a new ticket and we will submit a proposal.

Scott can you open a new CSS ticket and we will get it taken care of . The CSS# 29170 has been closed out under June billing .

Thanks,
Rick

Rick,
I just spoke to Will. We only did 9 of the light poles all were in the back area behind the building. Will stated that there are about 22 light poles all together and the one in the picture is from the front of the building that we did not do. If they would like all the rest of the poles done then please have them open a new ticket and we will submit a proposal.

Thanks,

Adam ,
Scott / Angela states the light pole covers are not completed . See attached pictures of 1 or 2 pole access covers on the ground . Please get this resolved ASAP . Please let me know when its completed . I will need new pictures for validation also.
Note :: there were only 2 work orders associated with the light poles
1 --WO#13450-Will replaced missing / broken access covers -Completed by Will 6/24/2021 2-WO# 13134 - Moore's Parking lot Motorcycle area light out -rescheduled for 7/15 tomorrow .

Thanks,
Rick

Subject: VA701

Scott,

Correct me if I'm wrong but the attached completed document was for replacing the covers on the light poles at VA701, but today when I was on site this is what I observed.
