Scott,

No both tickets are active and separate -WO#13134- One parking lot pole light out near motorcycle parking area, needs repaired,-MOORE'S has investigated and pulling a proposal together as we speak .---

Corrective Maintenance WO# 13450 -was the ticket I created and requested CSS# for last month -Richard discovered during his PM - 13450--The LED light pole hand access covers need repaired-----I need a CSS# from you IF you would like these covers repaired

Thanks

Rick

Yes

So you closed WO#13134 and you want me to replace with 13450?

Angela, said she thought Richard was going to order parts to get fixed.

Very Respectfully,

Hi Scott -Just a reminder .Do you want to open a ticket to get these covers repaired or is Angela getting it fixed under warranty ?

Thanks

Rick

Hi Scott

I dug into this today .

- * See all the strings below .
 - * And Moore's email attached .
 - * WO# 13134 Moore's didn't perform any service on the lights.
 - * Richard discovered this performing January light PM , and that's why I created WO# 13450 pending CSS# .
-
- * Maximo notes : 12/21- Moore's onsite 12/18- no access -Angela said to leave --Moore's showed up 1.5 hours early
 - * 1/4/2021 - Scheduling for 1/6/2021 at 9am

13134

Mary,

Please reach out to Moore's to find out if they did any work on these pole lights the day they went out there and ended up leaving because they couldn't get access (WO 13134). Did they take the covers off the poles or anything?

All screws were present. However multiple brackets were missing. And the screws are plastic and some had broken internal inside the pole. Also, there was multiple pole handhole covers with rubber holding them on. And 2 hand hole covers laying on ground next to poles.

You couldn't tell the screws weren't holding the covers on by just looking at it.

It was only after attempting to unscrew them and it not working to loosen the covers.

Sent from my Sprint Tablet.

Hi Rick
Angela had a question on this:
" Scott,

Moore's were on site looking at the pole lights on or about the third week of December, did they leave the screws loose? I don't recall any screws missing on my last visit. We have CSS #27317 in for light pole repair."

Very Respectfully,

Scott A. Grenier

Good Morning Scott,

VA701- Light pole hand access covers need repaired . I have created WO# 13450 -please provide a CSS# IF you want these repaired .

12/29/2020- -During PM -Richard found -

The LED light pole hand access covers need repaired

Found: 9 broken plastic screws and 3 missing brackets, In the LED light pole hand hole covers.

The hand hole covers had been attached with a sealant to bypass the bracket and screws

1/4/2020 -Will request CSS# from Scott

12/29/2020-CM credit will be applied

Thanks

Rick
