RE: Jurisdictional Inspection:
International Support Group
13 Albright Rd
Kingwood, WV 26537-1076

Thank you for the consideration I received during my visit on August 1, 2019 at your facility listed above. The purpose of the visit was to perform the non-jurisdictional inspections of the objects listed below to determine compliance with ASME/National Board standards and regulations. I was accompanied by Jennifer Bataille during my visit.

The inspections were performed on behalf of International Support Group (US Army Reserve Offices).

The following objects were inspected at the time of the visit:

Year Built	Type of object	Jurisdictional Number	NB Number	Recommendation(s)
2011	Other	WV022 BLR	158174	None
2011	Other	WV022 BLR#1	164674	None
2011	Other	WV022 BLR#2	158187	None

The following observations were noted during the inspection of this equipment:

Each boiler was inspected externally and found free of defect or damage. Required safety devices are installed and appear to be in good working order. Pressure relief devices were tested and found satisfactory.

As a result of these inspections 0 new recommendations were suggested.

Based upon this visit, OneCIS Operating Certificates for each boiler are being created and forwarded to the client.

This document is advisory in nature. Reports or certificates provided in connection with any state-required boiler or pressure vessel inspection do not mean that all hazards or conditions were controlled at the time of the inspection. No liability is assumed by the information contained in this document.

The next inspection is tentatively scheduled to be completed by 08/2020.

Please contact me by phone at 571-373-0998 or by e-mail at william.johnson@onecis.com if there are any questions or if I may be of further assistance.

Sincerely,

William Garth Johnson
